

New York Bus Strikers Told to Return

New York, Oct. 26.—(AP)—Drivers were ordered back to work today, four hours after they had staged a demonstration against transportation tie-ups which affected 500,000 New Yorkers.

Michael J. Quill, international president of the CIO truckers union, ordered the union members back to work seven privately-operated buses.

Quill issued the order after a demonstration of workers in the State Police Service, command headquarters in the Warfield building. He spoke a moment after Mayor William O'Dwyer's sudden, dramatic appearance at the demonstration and urging men to return to their jobs.

New York, Oct. 26 -- (AP) — The largest transportation strike to date in New York City led today to 500,000 New Yorkers without a bus and trolley service.

Promptly at 9 a.m. (CIO) members of 4,000 buses and hundreds of trolleys discharged passengers and headed back to their garages.

The walkout by 8,500 members of the CIO transport workers union over retroactive wages added to about \$300 a man hit the city's morning rush hour in Westchester county and the morning rush hour in the city.

The seven companies affected are privately owned.

A Great Relief For Acid Indigestion, Stomach Distress

A corrected stomach condition will cause you to feel comfortable immediately. Yes, this fact has been time-tested and proved by Doctors. So why wait when there is no need to continually carry a lump in your stomach and feel miserable after every meal?

An appetizing portion of SSS Tonic before meals does wonders for the stomach. This famous medicine contains no soda or other alkalizers, which usually retard digestion. Instead, SSS Tonic with its highly potent ingredients works to tone-up the stomach so it may release its own digestive juice (hydrochloric acid) to break-up food for body use and tissue repair.

SSS Tonic has helped hundreds of thousands of people, without any organic trouble or focal infection, to really feel better, more vigorous, better able to enjoy living.

Take none less than this effectively-proved medicine to relieve your misery. Take SSS to tone-up your stomach, whet the appetite, build-up blood strength! Get SSS Tonic from any Drug Store today.

British Get Huge Loan From U. S.

Washington, Oct. 25 —(AP)—The Economic Cooperation Administration today loaned \$310,000,000 to Britain. The money is to be used for purchase of industrial machinery, equipment and materials as part of the European Recovery effort.

The agreement was signed by American and British officials at the export-import bank of Washington, which administers ECA loans.

It calls for interest at 2 1/2 per cent a year payable semi-annually starting in 1952. Britain is obligated to begin repaying the loan in 1956 in semi-annual installments.

The installments will run until 1963, or for 35 years. The sum represents the amount of Marshall plan aid which is available to Britain on a loan basis in the first nine months of ECA operation in other words until the end of this year.

It is the first major credit grant under the recovery program, although negotiations on loans have been in progress for months with eight other countries and one small

loan — a \$2,300,000 fisheries credit to Iceland — was announced in the summer.

The total of loans under negotiation, ECA has announced, exceeds \$800,000,000. That includes the British credit.

Congress, when approving ECA, directed that \$1,000,000 of the \$5,055,000,000 initial appropriation must be put into loans rather than be used for grants.

The loans agreement with Britain provides that interest and principal payments may be deferred if necessary after discussions.

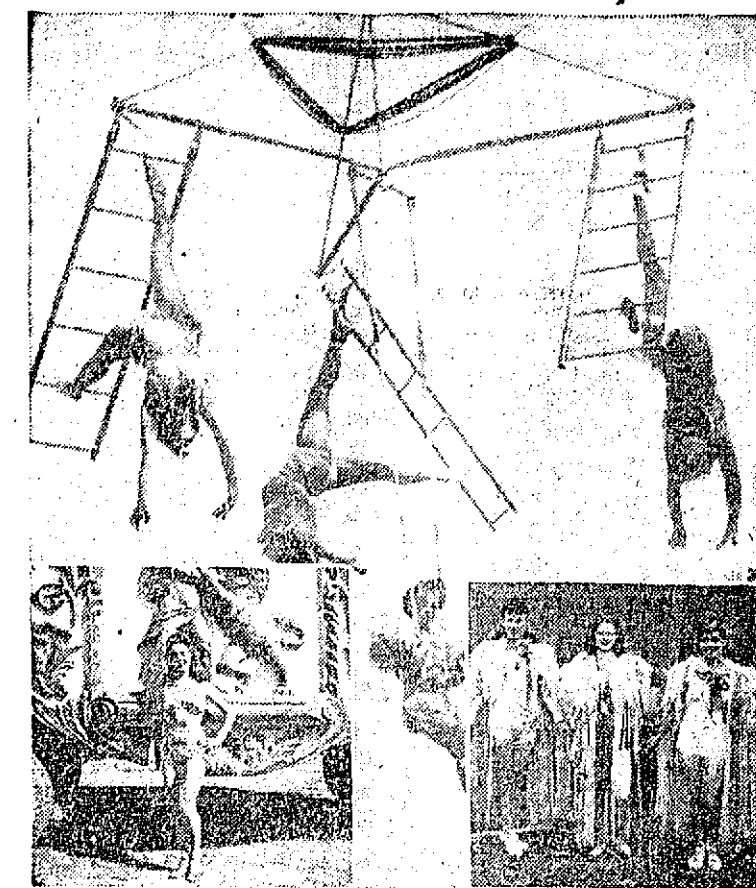

University Head Wants a State Nursing School

Little Rock, Oct. 26 —(AP)—Dr. Lewis Webster Jones, president of the University of Arkansas, expressed hopes today that a regional school of nursing might be located in Arkansas.

Speaking at a meeting here of the Association of Tax Supported Institutions of the state, Dr. Jones outlined a proposed regional educational system. He said a regional school for veterinarians might be set up in Georgia under the program.

Legislative ratification would be necessary before the plan could be operative in Arkansas, Dr. Jones said. Representatives of all state sup-

Tomorrow Is 'Circus Day'

Tomorrow will be "Circus Day" in Hope and children of all ages will greet the first and only "Big Show" to exhibit here this year. Bright and early tomorrow morning, the great King Bros. 3 ring Circus will come rolling into Hope and set up its tented city including the mammoth big top on the Shipley-Crews show grounds adjacent to the Thrash International Harvester store on Highway 67 where two performances will be staged after noon and night at 3 and 8 p. m. Main entrance gates to the big 5 continent menagerie will open at 1 and 7 p. m. to permit inspection of the traveling zoological exhibit, herd of elephants and Society Horse Fair.

School children with special coupons will be admitted for half the usual admission price for kids 13 cents and taxes included — at the 3 p. m. afternoon show only. The regular kids admission price

is 60 cents, taxes included. The downtown sale of reserved and general admission tickets for both the afternoon and night performances will be located tomorrow — Circus Day — at the Cox Drug store, for patrons who wish to avoid the crowds at the show grounds. The popular movie stars of the Star building.

Now on its 29th annual tour King Bros. 3 ring Circus is the world's largest, finest and greatest motorized tented amusement enterprise and is presented in three rings, elevated stages, and hippodrome with a galaxy of 150 talented international circus and arena stars, a herd of performing elephants, daring acrobats, twenty funny clowns; trained Liberty horses; dogs, ponies and monkeys, and many all star feature acts as well as a Frontier Dodge Wild West starting the popular movie stars of western pictures Charles and Jewel Poplin.

NEW YORK COTTON

New York, Oct. 26 —(AP)—Cotton futures were irregular today, with liquidation in nearby December the main feature. Memphis interests were credited to selling 5,000 bales of December against the purchase of a similar amount in March futures. There was some talk among traders of fairly substantial tenders of cotton on first notice day for the December delivery. Offerings were absorbed through mill buying and short covering.

The situation in export cotton was unchanged, with various inquiries in the market from countries having ECA contracts.

Cotton futures declined into new low ground for the day in late dealings on increased hedge selling and liquidation in nearby December.

Futures closed unchanged to 55 cents a bale lower than the previous close.

from its principal sources of rubber, tin and several other vital necessities of manufacture. With the lesser in mind, the country is now beginning to stockpile certain strategic materials not found here against another possible emergency.

But it would seem equally necessary that the country should think about a stockpile of scientific knowledge, which is the raw material of America's vaunted genius for adaptation and production. Another war might cut us off from that raw material as surely as the last war cut us off from tin and natural rubber.

New research laboratories would not mean that this country was "war mongering." They might be essentials of national defense, to be sure. But they could also serve simultaneously as centers of knowledge to improve the health and comfort of all mankind when a stable peace is finally achieved.

Chicago, Oct. 26 —(AP)—Profit basing toward the close of today's trading of Trade session reduced prices somewhat, after a fairly steady advance. Wheat advanced on commercial buying, bolstered by reports of storage during September.

Corn and soybeans advanced on reports that the commodity credit corporation was entertaining offers for export. Reports that Holland had purchased 500,000 bushels of soybeans overnight, brought on short covering. Corn bookings on a to-be basis were placed at 200,000 bushels.

The first trade in September wheat (1949) was recorded around noon at two cents under July wheat.

The Doctor Says:

By EDWIN P. JORDAN, M.D.
Written for NEA Service
Calcium is one of the most important elements of the body. Chemical combinations of calcium are the building blocks of the teeth and bones, but calcium is required also in other parts of the body. Calcium salts play an important part in the clotting of the blood and in the control of the heart beat.

Calcium taken into the body must be in a form which can be easily absorbed and used. Vitamin D helps in the use of calcium by the body and this is gained from sunlight or it can be obtained in prepared form. A hormone produced by one of the internal glands called the parathyroid is also important. When vitamin D is not present in sufficient quantity, calcium is not deposited properly and the bones become soft and pliable, producing rickets, bow legs, etc. If the parathyroid glands are removed, the amount of calcium in the blood drops rapidly, regardless of the amount of calcium taken in. This causes a condition called tetany which produces muscular spasms.

Too Much is Harmful
Too much calcium can be present in the tissues, as well as too little. For example, a good deal of the material deposited in the walls of hardened arteries (arteriosclerosis) consists of calcium. As yet, no way has been found to dissolve or remove excess calcium in the arteries nor is there any method of preventing these deposits.

Dairy products supply good quantities of calcium. Consequently infants and growing children, who need calcium for their rapidly growing bones, get most of their calcium from milk. Additional calcium can be supplied in various tablet or capsule forms. However, although calcium tablets may supply the calcium needed, they will not furnish the other nutritional elements present in such excellent foods as milk and cheese.

QUESTION: Could continued use of mineral oil cause pain in the abdomen?
ANSWER: Yes. Mineral oil frequently causes waste matter to pass through the intestines too rapidly. It may delay absorption of certain vitamins. If it stimulates the intestines to excessive wave-like motions, crampy pains may appear.

Shipments of supplies to and products from the steel industry accounted last year for 12 per cent of the country's freight bill.

For it is what they "have been consistently taught and what they are being taught today," he added.

The Soviet, they are told, will not be safe until the non-Communist nations have been so reduced in strength and numbers that Communist influence is dominant throughout the world, and that, in such efforts the Soviet Communist party is the "vanguard," the "shock-brigade of the world proletariat."

It is furthermore taught that this result cannot be achieved by peaceful reform, but only by method of revolution.

November 1, 1948 is the final date that a farmer can secure winter cover crop seed by using their soil building allowance as a partial pay rent. Anyone securing cash for their seeds. The AAA office will remain open all day Saturday, October 30, for this purpose.

There will be a Halloween Carnival at the Park Elementary School on Friday evening, beginning at 7 o'clock. For entertainment there will be fishing ponds, fortune tellers and the House of Horror. There will be a parade of costumes and first and second prizes will be awarded to the ones with the most bewitching costumes.

The climax of the evening entertainment will be the coronation of the four queens from each of the schools which include the Primary, Park Elementary, Junior High and Senior High School queens.

There will be an admission fee of five cents for children and ten cents for adults.

Mrs. D. K. Bemis, chairman of the Summer Roundup Committee of the Prescott Parent Teachers Association announced that 93 children were examined last week by Dr. Jack Harrell, Dr. Clifton Arnold, Dr. J. B. Hester, Miss Faye Loomis, and Miss Jesse Gordon. They were assisted by the following mothers: Mrs. Harrell, Mrs. Hester, Mrs. Hester, Mrs. J. R. Bemis, Mrs. Karl King, Jr. These first graders were checked for small pox vaccination and diphtheria immunization.

The PTA expresses sincere appreciation to the doctors for giving their time in helping secure better health for our children and to the schools and Mrs. Floyd Hubbard who cooperated so graciously.

The Health Committee would like to stress the importance of the immunization of these two dreaded diseases since some of the parents failed to give their permission for these immunizations.

DOROTHY DIX Hints to Bridegroom

"Son," I should like to say to every prospective bridegroom, I know you think that just being married to you is all the fun that a woman could possibly want, and that when you have fed and clothed your wife you have done your full duty to her.

Now, being a good provider is one of the major virtues in a husband, but it doesn't cover the whole premises, and if you want to keep your wife contented you must feed her on white hyacinth as well as corned beef and cabbage. Don't think that the love making that you did during your days of courtship is going to last the balance of her life. You have got to keep it up. Before you were married there were plenty of men who told her how beautiful and wonderful she was. You have to pinch-hit for all of them from this time on, so don't be sparing with your flattery.

Get off on the right foot when you are married. The first six months establishes the man's status in his family and decides whether he is going to be the head of the house, or just the poor sinner who pays the bills. Don't be dictatorial. Don't be tyrannical. But don't let your wife and your wife's mother rule the roost. No wife has any respect for the husband she can hemper

Fair Enough

By Westbrook Pegler
 Copyright, 1947
 By King Features Syndicate.

New York, Oct. 25 — Samuel Novick, born in Vitchev, Russia, in 1897, arrived in the United States in 1914 at age 17, with that nice timing which permitted other immigrants about the same age from the same land to escape service under the czar against the Kaiser. He was naturalized in 1926. In 1943, after the United States entered the crusade against the genocide monarch Adolf Hitler, he began manufacturing "confidential" equipment for the air forces. He turned out "roughly" \$5,000,000 worth in less than three years, and much of his profit went to Communist fronts. He went to public school in belligerent Russia under the czar and to night school here. He worked first in a grocery store and next in garment factories. Then he became a radio telegrapher. After that he became a business man, so glib and deft in American corporate subtleties that the identities of the Electronic Corporation of America, of which he is president and his wife is secretary, and several other companies cannot be told apart.

He testified before the House Committee on Un-American Activities that electronic was first known as the Transformer Corporation of America. Then he said electronic was "originally" known as the Wholesale Radio Service Co., which also was known as the Lafayette Radio Corp. that name, however, the Lafayette name, was just a name used for a radio set. The "actual" name was the Wholesale Radio Service and Radio Wire Tel. There was another company called Wholesale Radio Sales. Another was called Typatone Inc. Still another was called Electro-physical Laboratories.

Like the shrewd Sam Camp, of Bridgeport, Conn., Molotov's in-law, who was cunning enough to trim the buttons off the tough Yankee traders of Connecticut by trick of appearing to be confused by details. Like Camp he is careless about time and figures. He never makes mistakes. He can't remember.

Carp was so naive that he couldn't quite recall whether he was \$200 million or \$300 million that Molotov entrusted to him to spend for war material in the United States. He thought his commission was to be two per cent. Novick didn't even suspect that three new masses and other notorious concerns to which he gave tax-deductible contributions out of his war profits were American contracts were communistic fronts. He couldn't remember how much he gave. And he couldn't remember writing false information to the U. S. Immigration indorsing one Arthur Adams, a principal Russian spy, for entry into the United States, or even whether he had known Adams ten years or 20 years.

I hope it will not be in bad taste to say that these dispatches exposed Novick in the fall of 1944 in connection with the denunciation of the Communist-propagandist and journeyman larcenist, who goes by the name of William S. Gallmore. This is the same Gallmore, now come safe from the war as an exempt lecturer haranguing loyal American boys on their duty to "democracy," who has been caught plagiarizing for Henry Wallace as the Communist candidate for president. He is brazen and utterly shameless. Novick now seems reconciled to the status of a quivering for the Muscovite treachery in which he was firmly placed by Congressmen John McDowell of Pennsylvania, at the end of a hearing on the death and treachery involving Arthur Adams. McDowell warned him of the penalties of perjury and the wrath of infuriated Americans.

Novick began by admitting that he knew Adams. Then he squirmed as Robert Stripling, the chief investigator, showed him Adams' name. He believed it was Adams. Well, was it Adams, yes or no? He was pretty sure.

When had he first met Adams? Roughly ten years ago (1938) when Adams walked in as a customer to buy some radio stuff. Nobody introduced them. They just got to talking and Adams became a regular customer.

Ever employ him? Nope never. "But," Stripling asked, "didn't you write a letter on Dec. 19, 1937, to the Immigration and Naturalization Service?"

"I believe I did. After I had known him about a year he came one day and said he was a Canadian who would like to come to this country. Would I write a letter to the authorities saying I knew him to be, to the best of my knowledge, a person I would recommend?"

He first said he first met Adams in 1938. Now his memory begins to quicken. He might have met him as early as 1934.

Scott, Idle Last Week, Still Tops Ground Gainers

Dallas, Oct. 26 —(AP)—That terrific trio of backs—SMU's Doak Walker, Arkansas' Clyde Scott and TCU's Lindy Berry—continue to roll right along as the statistical champs of the Southwest Conference.

Scott, though idle last week, still tops the ball carriers with 500 yards on 63 runs and remains second in total offense with 603 on 77 plays. Berry is the total offensive leader with 507 yards but has run and passed 183 times as the loop's most worked back.

Walker leads in scoring with 35 points, in pass receiving with seven catches for 228 yards and in punting with an average of 38 yards. He's ninth in passing and second in punt returning.

Gil Johnson of SMU leads in passing having completed 34 of 49 passes for 566 yards.

Texas leads in total offense with 1907 yards in rushing with 1215 in six games. Arkansas is second in rushing with 1142 in five games. SMU is the front-runner in passing with 819 yards.

Walker's George Sims is setting the pace in punt return with an average of 25.7 on 11 returns.

Only six of the 16 big league clubs have yet to start a new season. The American and National leagues are represented in the third annual all-star aggregation. The world champion Cleveland Indians won two championships as did the National League's Boston Red Sox and St. Louis Cardinals, runner-ups in their respective circuits.

Two representatives each, placed man from the New York Yankees complete the team. Of the ten men selected, six are holdovers from the 1947 all-star team. They consist of the entire lineup of the Yankees: Joe Judge, Johnny Mize, Joe Garagiola, Ted Williams and Lou Boudreau. Ted Williams and Joe DiMaggio, who comprise two thirds of the outfield, Williams, slugging outfielder of the Red Sox, is the performer to be elected to all three teams in 1948.

No player was an unanimous choice. Stan Musial, the National League's batting king, and Williams, the champion stickman of the American League, were tied for the most votes. Each drew 212 of the 220 ballots cast.

All Williams' votes were for left field. Musial's were scattered over center positions, right field, center and first base.

DiMaggio, spark plug of the Yankees, won the center field position with 210 votes, third highest total.

Boudreau, playing manager of the Indians and the logical choice for the American League's most valuable player award, ranked fourth with 209 votes to win the shortstop berth.

Johnny Sain of the Braves gathered 140 votes and was named the right-handed pitcher of the team. The battle for the top left-handed pitcher was much closer. Harry Carey of the Cardinals was the victor. He was backed by 107 votes to 80 for Hal Newhouse, who won 21 games for the second division Detroit Tigers.

The all-star team and their votes:

First Base—Johnny Mize, Giants (112).

Second Base—Joe Gordon, Indians (105).

Third Base—Bob Elliott, Braves (65).

Shortstop—Lou Boudreau, Indians (209).

Left Field—Ted Williams, Red Sox (212).

Center Field—Joe DiMaggio, Yankees (210).

Right Field—Stan Musial, Cardinals (195).

Catcher—Birdie Tebbets, Red Sox (82).

High-handed Pitcher—Johnny Sain, Braves (140).

Left-handed Pitcher—Harry Carey, Cardinals (107).

Johnny Sain to Settle Down in Newport
 Newport, Oct. 26 —(UP)—Johnny Sain, star pitcher for the Boston Braves, has decided to settle down in Newport, R. I.

Sain, the man credited with winning the National League pennant for the Braves last season, completed negotiations yesterday for the purchase of a home here. Possession will be given within a few weeks.

Junior Bobcats Play Porkers Here Tonight

Coach Jack Hopkins' Junior Bobcats will entertain the Piggies from Texarkana at Hammond Stadium tonight at 7:30, the second meeting of the two elevens.

In the first contest at Texarkana Junior Bobcats defeated the locals by a 12-0 score. Tonight the local Juniors will be out for revenge and also will be seeking their first win of the season.

From the looks of things today, the Conference football team should chip in to build a hospital. There are enough injured players around the loop to fill one.

With three conference games on the schedule this week, the abominable players because of ailments might prove a serious blow to some teams. However, the elevens appear to be hit about equally.

For instance, take Arkansas and Texas, and M. which will meet at College Station Saturday.

At Arkansas, Coach John Barnhill ordered a rough scrimmage yesterday following an open date last Saturday. Today he probably wishes he didn't do it.

End Jim Cox, a fine pass receiver who had been counted on for first string duty this year, got into contact work for the first time since he injured an ankle in pre-season practice. He came out of the drill with a knee injury which may keep him out of action the rest of the year.

At the same time, Barnhill announced that Theron Roberts, a great guard and the Porkers' captain, had been given up as injured for the entire season but would return to action next fall. Roberts hasn't played in a game this year because of a pre-season knee injury.

Otherwise the Razorbacks appear to be in good condition. Barnhill plans to use his first team for offensive and defensive line play. A. & M. the starters will be spread by four elevens which also will play on both offense and defense. In past games this year Barnhill has used separate teams for offense and defense.

The Aggies had their woes twofold. Several players are listed as doubtful performers this week. They are Backs John Christensen, Ralph Daniel and Bobby Smith. Ends Wray Whitaker and George Cagle and Guards Odell Stautzenberger and Carl Moberg.

Goff was the conference's on-rank ball carrier before he hurt a knee against Baylor last week. Texas and Southern Methodist, which may decide the championship in their meeting at Austin, also are crippled.

The Longhorns are weakened at left guard. Starter Lew Holder is laid out. Backup reserve elevens Ray Stone and Bean Proctor still are out with injuries suffered week before last. Also definitely out is Back Frank Gless.

SMU's defensive end, Carl Wallace, is limping as the result of pulling a leg muscle in last week's game with Santa Clara. Brownie Lewis, guard and co-captain, still is out with a leg injury which has sidelined him for three weeks.

Both the Longhorns and the Mustangs had light workouts yesterday.

Two of Rice's key players, Quarterback Toyn Rote and Center Joe Watson, were injured last night in a game with Texas Tech. The Owls took off from practice yesterday.

Texas Tech's Baylor, which will tangle Saturday night, were the only league members expected to be in top shape.

Guards Milton Farmer and Billy Backs Oren Boring and Ouis McKelvey returned to action as TCU stepped through a light workout yesterday.

Governors Extend Congratulations to Connie Mack

Philadelphia, Oct. 26 —(AP)—A book containing letters of congratulations from the governors of all 48 states was presented today to Connie Mack on the completion of 48 years as manager of the Philadelphia Athletics.

The book was presented the 85-year-old baseball veteran by Major Bernard Samuel.

Here is what some of the governors had to say:

Thomas E. Dewey, New York: "As a lifelong baseball fan, I am happy indeed to join in congratulating the grand old man of baseball on his forty-eighth anniversary as manager of the Philadelphia Athletics. The name of Connie Mack stands for what is best in the game. It stands not merely for winning teams, but for fine sportsmanship."

J. Strom Thurmond, South Carolina: "Yours is a record which has no equal. Yours is a record of which you may well be proud. The happy part of this occasion is the knowledge that your usefulness has in no way dimmed in the passing of the years but rather has increased."

Earl Warren, California: "I know that it must give you great satisfaction to review the process of baseball during the long period in which you have given this sport the benefit of your leadership and counsel."

For instance, take Arkansas and Texas, and M. which will meet at College Station Saturday.

sas and West Tennessee, police said. They have been charged only in connection with Shelby County (Memphis) cases.

Three of the seven Memphians entered guilty pleas yesterday. They included William Samuel Monroe, 20, a student at Arkansas Tech at Russellville, Ark., who pleaded guilty to larceny of two floor furnaces.

The questions they refused to answer included:

"Do you know the names of the officers of the Los Angeles Communist party?"

Atty. Ben Margolis, representing the witnesses, might tend to incriminate them because government officials had expressed an intention to prosecute members of the Communist party.

Margolis contended the "inquiry was instituted by the office of the attorney general of the United States solely for political reasons and not for a bona fide purpose of investigating the commission of any crime."

U. S. Atty. James M. Carter declined to discuss the purpose of the inquiry.

Legion Cagers to Start Practice

American Legion had an organization meeting and first practice session Monday night in Hope High School Gym of Independent Basketball Team for the coming season. The team will be known as Hope Legionaires. Jack Hopkins and Fay Hammons will coach the team. Fred Robertson will be team manager. Other members of the athletic committee are Clyde Coffee, Nolan Tollett, Harry Hawthorne, W. H. Gunter and Joe Jones, Commander of the Hope Legion Post. It was agreed by the committee that the team will be composed of players from this vicinity.

A large group of basketball players reported for this first practice which indicated a strong team will be formed. The next practice will be Wednesday night of this week. Hereafter regular practice nights will be Monday and Thursday nights in Hope High School Gym. All basketball players are invited to come out for tryouts. The Legion will bring the best Independent teams in this section to Hope for games this year.

Bus Loaded With Cotton Pickers Wrecks

Little Rock, Oct. 26 —(AP)—A bus loaded with 20 cotton pickers slipped off an embankment and turned over on its side here today, but no one was injured.

The bus was en route from North Little Rock to England. The driver herded the bus off the highway to avoid an oncoming car.

7 Persons Held for Series of Robberies

Memphis, Tenn., Oct. 26 —(AP)—Seven persons held in connection with a series of thefts in the Mid-South were held today at a preliminary hearing before General Sessions Judge William J. Bacon.

They were arrested in an investigation of a \$20,000 in thefts in North Mississippi, East Arkansas and West Tennessee, police said. They have been charged only in connection with Shelby County (Memphis) cases.

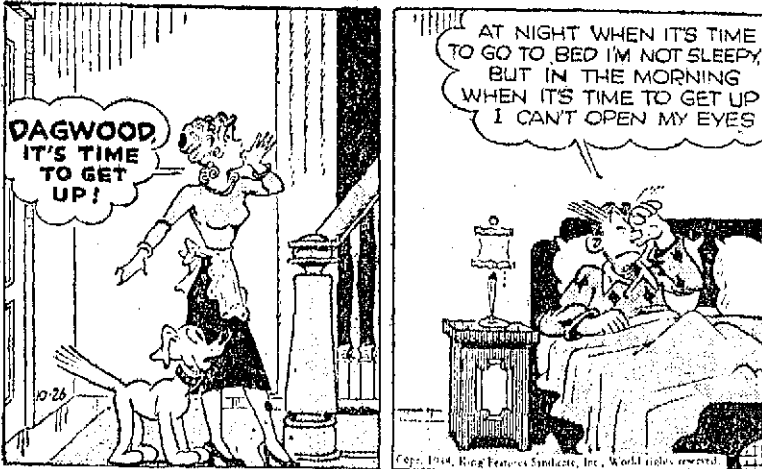

Three of the seven Memphians entered guilty pleas yesterday. They included William Samuel Monroe, 20, a student at Arkansas Tech at Russellville, Ark., who pleaded guilty to larceny of two floor furnaces.

The questions they refused to answer included:

"Do you know the names of the officers of the Los Angeles Communist party?"

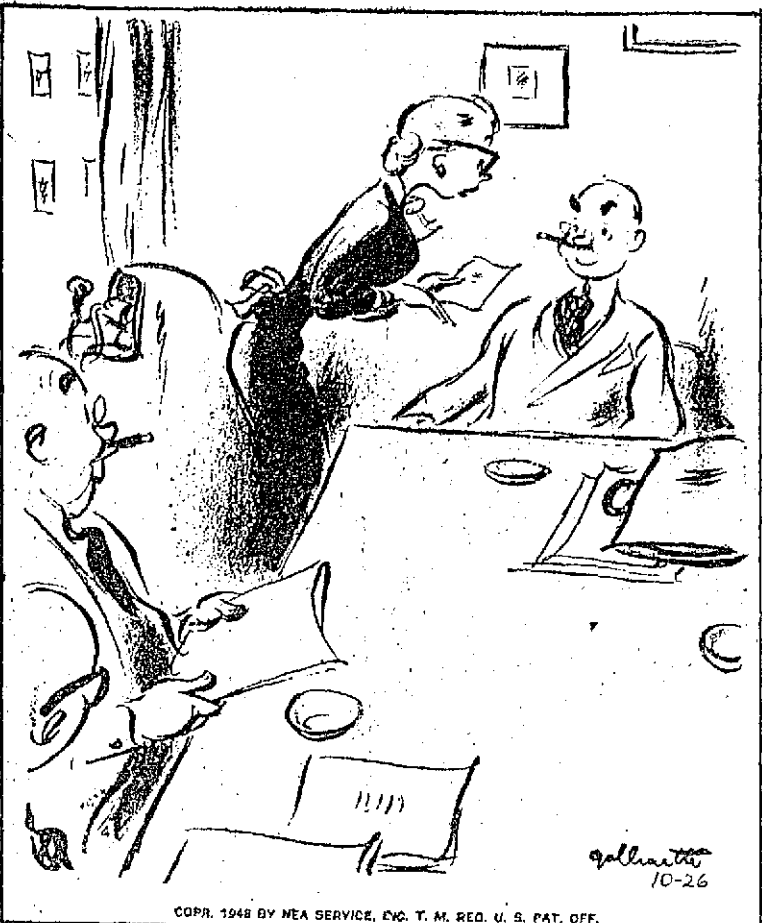

Atty. Ben Margolis, representing the witnesses, might tend to incriminate them because government officials had expressed an intention to prosecute members of the Communist party.
